Claim #NI-773204 — Additional Documentation Requested

Dear Sir or Madam,

Thank you for your letter of 14 August requesting further documentation in support of my claim, reference NI-773204, following the storm damage to my garden fence on 2 August.

I enclose the two items you requested: a signed contractor's quotation for the replacement fence, and three further photographs showing the extent of the damage from different angles. I trust these are sufficient, but I am happy to provide anything further your assessor may need.

Given that the original incident was reported over three weeks ago, I would appreciate an indication of when a decision on the claim can be expected.

Yours faithfully,

Nadia Farouk

P.S.
I can be reached most easily by phone during working hours.
