The Lantern Room

Your Name

Aria, an engineer carrying a small lamp
Jon, a caretaker with a notebook
The Voice, a voice from the corridor

The Lantern Room

Act I
The First Signal

Scene 1
A workroom at dusk

A single lamp is lit. Rain can be heard beyond the window.

Aria: The room remembers every instrument we leave behind.
Jon: Then let us leave it one useful question.
Aria: What happens when the last light is not the end of the work?
The Voice: *(From the corridor.)* It becomes a way to find the door.
Jon: *(He opens the notebook.)* Write that down.
